

DSP5211 10W Coaxial Frame-less Ceiling Speaker

Features

- Ultra-narrow edge design, with RAL white coating, fit in with all indoor occasions;
- With 6.5 inch bass unit, its magnetic body processed by engineering plastics, its cone paper made from algae heat pressing and processed by waterproof coating. Its rear net is optional for installation. With rear net, its bass effect is better;
- 8 inch bass unit, magnetic circuit body by engineering plastic special process package, algae fishing biological button, hot pressing;
- Coaxial 0.75 inch tweeter providing crisp and clear treble. High pitched diffract loading provides wide range;
- Complied with IEC268-5 power handling capability (PHC) standard, and can work continuously for 100 hours at rated power;
- With simulated Acoustic Feedback Exposure (SAFE) test, it can withstand twice the rated power in a short time, which ensures high reliability of the loudspeaker under extreme conditions, extending its service life .

Description

This product is a coaxial two-frequency ceiling speakers. With wide angle and high output power, it can output good sound effect. Besides, it's easy to install. It's an ideal choice for you .

Specification

Model	DSP5211	DSP5211C
Loudspeaker	6.5" x 1 0.75" x 1	
Effective frequency range	90Hz~18k Hz	
Rated Power	10W	
Maximum sound pressure level (1m)	103 ± 2dB	
Sensitivity (1m/1w)	90dB±2dB	103 ± 2 dB
Outline dimension	Φ190×80mm	Φ190×105mm
Rated power voltage	100V	
Net Weight	1.0 KG	1.1KG
