## XLR 3-pin female panel connector

XLR 3-pin female panel connector for professional stage, studio and AV installations. Robust design, mechanical durability of more than 1000 cycles, low contact resistance and high insulation resistance. Supplied in a set of 5.

XLR **3-pin** female

**>1000** cycles

contacts **<5 mΩ**

set of **5 pcs**

### Key features

#### Durability

Mechanical durability of more than 1000 mating cycles.

#### Easy mating

Low insertion force, below 20 N.

#### Low contact resistance

Contact resistance below 5 mΩ.

#### High insulation resistance

Insulation resistance above 1000 MΩ.

#### Panel mounting

For racks, consoles and AV equipment.

#### Set of 5

5 connectors per pack.

### Specifications

|                       |                   |
|-----------------------|-------------------|
| Connector type        | XLR 3-pin, female |
| Mounting              | panel             |
| Durability            | >1000 cycles      |
| Insertion force       | <20 N             |
| Contact resistance    | <5 mΩ             |
| Insulation resistance | >1000 MΩ          |
| Pieces per set        | 5                 |
